An entry-level foot-operated underpinner that's particularly suited to smaller workshops and hobbyists. Ideal for joining wood, Polcore and MDF mouldings up to 70mm wide and 80mm high, the A1-M-XL is reliable and easy to use, providing fast and accurate joining every time.

The A1-M-XL is equipped with a sturdy floor stand that can be used from the front or back; it also has a very strong nail driver enabling trouble-free operation year after year.

Features

- Extra-strong nail driver for trouble-free operation year after year
- Special steel wedges available in several sizes that can be inserted one on top of the other
- Sturdy floor stand for maximum stability
- Can join all types of wood, plastic and MDF mouldings
- Can be used from the front or the rear
- Easy wedge loading and positioning

A demo model is available to try in our workshop!
Please call 01949 861000 to arrange an appointment.
