A sophisticated programmable underpinner for busy workshops and higher production environments that require fast assembly and frequent changeovers.

The A5 MemoTS uses a Windows interface to store a vast quantity of profile data that can then be accessed in a matter of seconds.

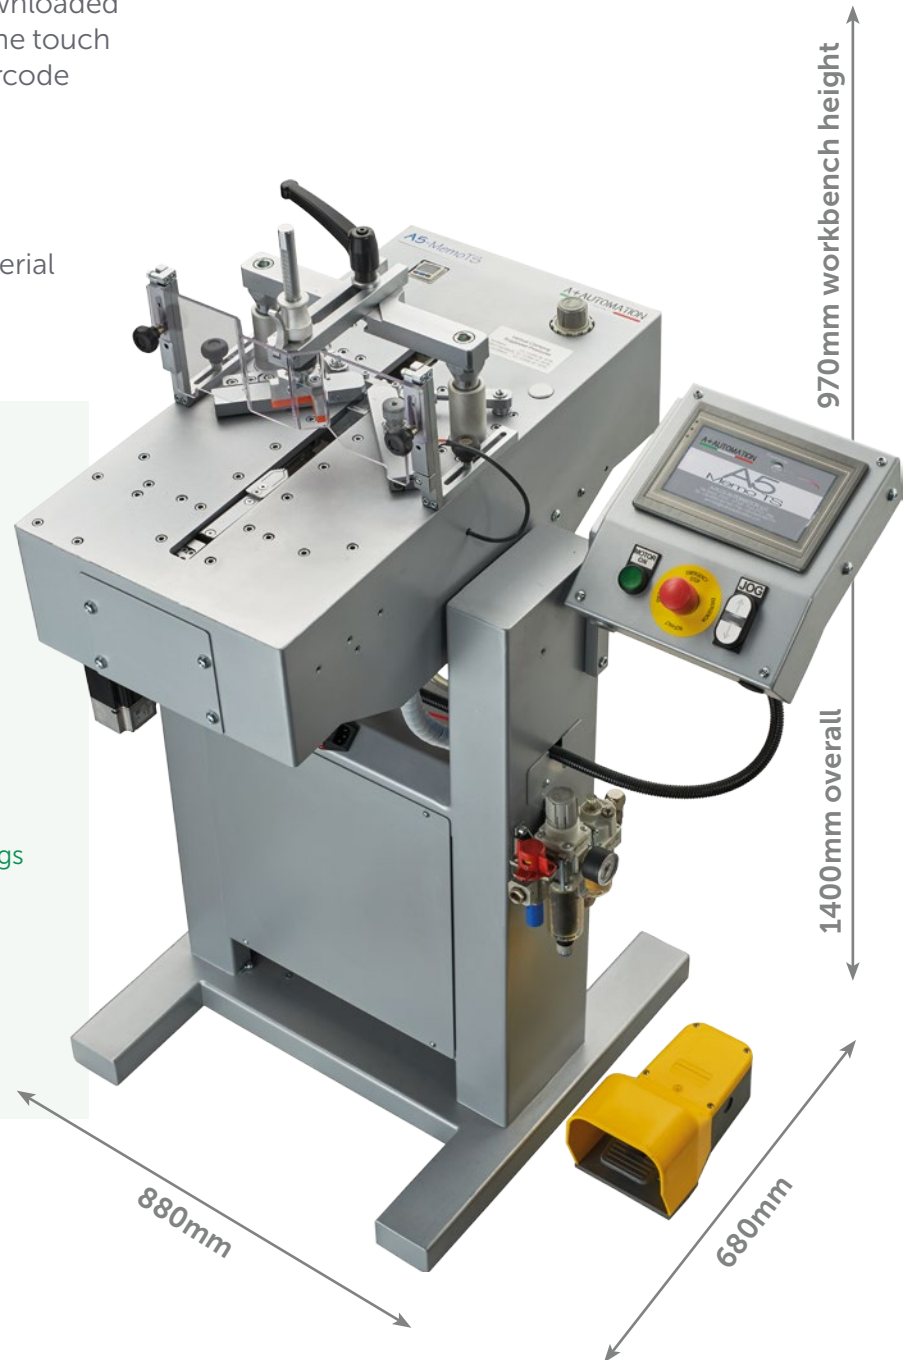

Profile details can be input manually or downloaded from a PC, and then instantly selected via the touch screen or by scanning with the optional barcode scanner. Programmable data includes:

- The number and position of wedges
- The moulding barcode
- The cycle speed to suit the moulding material

This solidly built underpinner is equipped with horizontal, vertical and fence clamping mechanisms that ensure optimum stability and enable precise joins every time.

### Features

- Programmes the number and position of wedges required and the cycle speed
- Wedges can be driven or stacked in up to 10 positions per joint
- Horizontal, vertical and fence clamping mechanisms for optimum stability
- Can join wood, plastic and MDF mouldings
- Digital pressure gauge
- Extra-strong nail driver for trouble-free operation year after year
- Fast, efficient and reliable

A demo model is available to try in our workshop!  
Please call 01949 861000 to arrange an appointment.

Double hydraulic clamp

7mm, 10mm and 15mm  
claw heads

5mm Allen wrench and  
magnetic pen

### Technical Specification

Frame width (min/max):	10mm – 110mm
Frame height (min/max):	6mm – 107mm
Wedge magazine capacity:	220
Standard wedge size:	7mm, 10mm, 15mm
Pneumatic feed:	5-7 Bar/70-100 Psi
Air consumption:	4NL at 5 Bar 0.14cf <sup>3</sup> at 73 Psi
Weight:	115kg/254lbs approx.
Height of workbench:	970mm
Power supply:	220V 50Hz/110V 60Hz

### Standard Accessories

- Adjustable tilting fence with special frame tightening device
- Power Grip pad holder rod, cross bar and single pad
- Double hydraulic clamp
- 5mm Allen wrench and magnetic pen
- 7mm, 10mm and 15mm claw heads

### Optional Accessories

- Enhanced 10" screen
- 5mm and 12mm claw heads
- Metal extension wings
- Barcode reader

**A+AUTOMATION**

A+ Automation has been providing the picture framing industry with high-performance cutting and joining equipment for over twenty years. Superior engineering and advanced research has led to a well-earned reputation for innovative high-quality machines that are safe, durable and extremely reliable.

A demo model is available to try in our workshop!  
Please call 01949 861000 to arrange an appointment.
